Dear Ravi, ^{MDD 5/11}
Received your telegram

yesterday evening. I am sending you accordingly two books by Ravi AD and two issues of RSH by ordinary book-post. This much material should be sufficient. You told me at Waralwa that you have a copy of "A decade after the Hathi Committee". I do not have a spare copy of any of the material I am sending you. Pl. members send the stubs back to me once you finish your work.

I am awaiting Thelma's opinion about the Bhopal study - whether she thinks ^{that} any valid statistical, definite conclusion can be drawn from the study or not. No response from Anil

Dear Ravi,
Recd your letter addressed to Dhruv & myself.

Well, I did not know about the arrangement made between you & Dhruv. In the last annual meet the Bombay Gr. has undertaken responsibility to print the ME Antho.

The book is now being printed by a press in Bombay. Hopefully, if everything goes well, it should be available for distribution by Mid-April.

We have a copy of the MS with us. We did not send it to you as many chapters (Two) of

My dear Ravi & Thelma.

Hope you have received my previous Airmail.
I am waiting for the reply from Dr. Banka

no misunderstanding.

How was the NFC Com meeting?

How is Laila?

Dear Wend,

We are unable to print NFC bulletin issue of
July-August (NO. 142-43) because:

- We haven't yet received money from
convenor's / editor's office despite reminders
- We are yet to get pre-requisites for transfer
of bulletin, i.e. NFC bulletin registration
certificate, list of subscribers etc and
hence could not obtain postal concession.
